# Information

The past season has demonstrated beyond a doubt that the Dahlia is more popular than ever. The number of visitors in my new location; the manner in which my new seedlings were received; the demand for the old standard varieties, together with the orders received for next year has inspired me to press forward with renewed vigor to promote the culture of the wonderful dahlia.

This price list cancels all previous offers. It is my purpose to furnish the best of the old standard varieties and besides a dozen or so brand new seedlings of my own exclusive growing.

Out of three hundred plants grown from seed every year, I select about twenty-five to try again and if they prove to be different from any variety now on the market and are really an acquisition, I name them the second year, and offer them for sale. If you have never grown them from seed, try it this year. Sow the seed when you sow your tomatoes and transplant the same way and you will be well repaid.

I offer strong field grown separated clumps with one or more eyes and will ship anywhere in the United States by Parcel Post and prepay all charges on single tubers or collections at prices quoted in this list, all orders subject to stock being unsold, when order is received. I will not substitute unless requested and money will be refunded if out of variety wanted. I exercise the greatest care to have all varieties true to name, and in case of error

---

will replace the following season, if notified.

I make liberal reductions where large quantities are ordered and often have surplus stock to offer to the trade at a reasonable price.

Thanking all my patrons for past orders I solicit your further patronage, promising to give my best.

My terms are cash with order.

You are cordially invited to visit my fields in September or October 1925 and see the dahlias in bloom.

Yours for the Dahlia,

H. P. WINTER.

I sold my farm in Mentor last year and bought a larger one in Perry Township. So my address is now

## Descriptive Price List

Type	Name and Color	Each
P	<b>Adaline Winter.</b> A seedling of Wm. Agnew. The grandest deep red I have ever seen. Between vermilion and carmine, does not fade out, flowers very large and deep, and petals persistent, stems strong and of good length, making one of the best cut flower varieties. Plant is about 5 ft. high. A most fascinating acquisition, which has again made good the last season....	\$1.00
C	<b>Attraction.</b> A very large cactus peony flowered variety of a clear lilac rose color; very strong stems .....	.50
Coll.	<b>Achievement.</b> Velvety maroon with white collerette .....	.25
B	<b>A. D. Levoni.</b> Fine warm pink; old but reliable .....	.25
C	<b>Alight.</b> A deep lilac with lighter tips; always in demand....	.25
Pom.	<b>Amber Queen.</b> A neat pompon of a popular color; a beautiful tan .....	.25
C	<b>Ager.</b> A most free flowering scarlet cactus which sells well and deserves a place in every collection .....	.25
D	<b>Black Brook.</b> A desirable seedling of my own no account of its early-flowering and dwarf nature. Very double deep crimson flowers .....	1.00

Type	Name and Color	Each
C	<b>Bedina.</b> A fine free flowering orange cactus, with red suffused flowers, which are lighter in the center . . . . .	.25
D	<b>Brown Hilda.</b> A valuable decorative on account of its color and symmetrical flowers. . . . .	.25
D	<b>Bonnie Blue.</b> Although not quite a true blue, it is a desirable cut flower variety with good stems . . . . .	.25
D	<b>Catharine Duer.</b> A rather tall growing bright red dahlia which reminds you of a hollyhock . . . . .	.25
C	<b>Countess of Lonsdale.</b> No other dahlia has been able to replace this one. Its free flowering habit and popular color, a salmon pink makes it favorite where ever grown. A very good seller . . . . .	.25
D	<b>Clarabell.</b> A rich purple decorative . . . . .	.25
B. G.	<b>Cuban Giant.</b> Another of the old ones we must not lose. Very large crimson flowers sometimes 8 inches in diameter, with long stems. . . . .	.25
P	<b>Clifford Bruton.</b> Large bushy plant with canary yellow flowers, borne on long wavy stems . . . . .	.25
S	<b>Cream Century.</b> A pale yellow large single variety good for cutting . . . . .	.25
D	<b>Delice.</b> A splendid deep pink variety not so free flowering as some, but very desirable. . . . .	.25
Pom.	<b>Darkness.</b> The darkest of the pompons; fine to mix with lighter colors in a bouquet. . . . .	.25

Type	Name and Color	Each
B	<b>Dreers White.</b> A large flowered pure white quilled variety; free flowering.....	.25
D	<b>Eldorado.</b> A most reliable yellow cut flow variety.....	.25
C	<b>Eureka.</b> A rich purple cactus similar to "alight"; a shade darker .....	.25
C	<b>Elsie.</b> An old variety which refuses to give place to newer ones on account of its yellow and pink suffusion.....	.25
C	<b>Ella Kramer.</b> A beautiful pink cactus which almost rivals "Margurite Buchan," but unlike the latter has solid pink petals .....	.25
C	<b>Floradora.</b> This old variety is almost as common as Spirea Van Houttii, and yet with its free flowering habit and rich crimson flowers, who would be without it? .....	.25
C	<b>Flora.</b> A beautiful pure white cactus, but not so free as some	.25
D	<b>Gold and Silver.</b> A unique seedling of my own; large canary yellow, flowers rather flat; six to eight inches in diameter; sometimes variagated with white; early flowering and dwarf; plant 2 to 3 ft. high .....	2.00
Pom.	<b>Golden Queen.</b> The best yellow pompon I know.....	.25
C	<b>Gen. Buler.</b> Similar to J. H. Jackson, but the ends of the petals are tipped white.....	.25
C	<b>Gen. French.</b> A fine deep tan tight quilled cactus .....	.25

Type	Name and Color	Each
D	<b>Gold of Ophir.</b> An old late flowering sort; old gold and red . . . . .	.25
B. G.	<b>Grand Duke.</b> A giant quilled white tinged with lavender. . . . .	.25
C	<b>Golden West.</b> A California variety, highly recommended as one of the best . . . . .	1.00
C	<b>Golden Gate.</b> A light quilled cactus well liked on account of the distinct shape of the flower . . . . .	.25
P	<b>Hornsfeld.</b> A Holland variety; salmon and rose color. . . . .	.25
D	<b>Henry Patrick.</b> A pure white. Fine for cutting . . . . .	.25
B	<b>Imperial.</b> A large sized purple quilled ball. A good color and distinct form . . . . .	.50
Dup.	<b>Ida May Carleton.</b> General effect Tyrian pink. Has faint lines of lighter color. Backs of petals are amaranth pink. Center slightly darker. Large size, striking flowers, tall plant, good stems. One of my best seedlings . . . . .	1.00
D	<b>Jack Rose.</b> A showy bedder, not to be despised because it is not a new one. A good color and very free flowering. . . . .	.25
D	<b>J. J. Harrison.</b> The showiest of my seedlings; spectrum red. Flower stems are branched and the entire plant is a perfect blaze of color when in bloom. . . . .	1.00

Type	Name and Color	Each
C	<b>J. H. Jackson.</b> The darkest of the cactus varieties. A good bloomer . . . . .	.25
CHy	<b>Josephine Burr.</b> A very large chrysanthemum like flower, which made many friends this past season in spite of a rather weak neck on the stem. A rich velvety red color; lower side of petals are striped with white.	1.00
D	<b>King of Commerce.</b> This dahlia still holds its own against all new comers of its type. Tango and gold color. Very long strong stems; hardy and free flowering . . . . .	1.00
C	<b>Kremhildo.</b> Another old one we cannot quite spare with its wax like pink and white flowers, which make up for its late flowering . . . . .	.25
C	<b>Kalif.</b> A very large pure scarlet red dahlia, free flowering and good for cutting. . . . .	1.00
C	<b>Lawine.</b> The best white cactus I know of . . . . .	.25
P	<b>La Mandarin.</b> A fancy red and white striped late flowering sort . . . . .	.25
Coll.	<b>La Fusse.</b> Crimson with white collarette. Distinct fern-like foliage . . . . .	.25
P	<b>Lavender King.</b> A seedling of my own growing; very much in demand. Looks like a lavender peony . . . . .	1.00
B	<b>Lolo Deferris.</b> A new seedling I raised and named in 1921. Very dark; between carmine and oxblood red with good flowering habit . . . . .	1.00

Type	Name and Color	Each
Pom.	<b>Little Bell.</b> Beautiful pink...	.25
Pom.	<b>Little Bobby.</b> Perfect double dark violet flowers .....	.25
Pom.	<b>Little Beauty.</b> A trifle large for a pompon, but very desirable on account of its free flowering habit .....	.25
D	<b>Madame Lumier.</b> A showy variety with beautiful white lavender tipped flowers. Always sells well .....	.25
B	<b>Maud Adams.</b> Beautiful purplish pink when they first open up and afterwards a large fluffy white. Very early and showy .....	.25
B	<b>Mrs. Dexter.</b> A large very double tan colored ball. Very desirable .....	.25
C	<b>Margurite Buchan.</b> Deep rose with white center. Unsurpassed .....	.50
Pom.	<b>Madaline.</b> White with pink suffusion. Very beautiful....	.25
Pom.	<b>Madaline.</b> Cream with pink suffusion. Same as above except the yellow ground color .....	.25
Coll.	<b>Maurice Rivorie.</b> French collarette, rich crimson white collarette .....	.25
B	<b>Mrs. Wellsley.</b> White tipped crimson .....	.25
D	<b>Marcella Gill.</b> New soft pink. Fine .....	1.00
D	<b>Miss Minnie McCoullough.</b> A rich yellow and red .....	.25
D. G.	<b>Mrs. Roseveld.</b> A mammoth beautiful pink dahlia .....	.50
Coll.	<b>Negro.</b> Very dark crimson with white collarette. Dark blue tubers .....	.25

Type	Name and Color	Each
Pom.	<b>Novelty.</b> Changeable dark maroon and white . . . . .	.25
S	<b>Oriental.</b> Yellow striped with red . . . . .	.25
D	<b>Painesville.</b> This variety introduced by me 3 years ago has proven to be one of the most profitable cut flower varieties. Lavender and white; very good stems . . . . .	1.00
CHy.	<b>Pearl de Lyon.</b> White hybrid cactus . . . . .	.25
D	<b>Princess Juliana.</b> Very early. Pure white . . . . .	.50
P	<b>Pope Pius X.</b> A salmon pink variety; large flowers . . . . .	.25
C	<b>Prince of Yellows.</b> The most free flowering yellow cactus. . . . .	.25
S	<b>Prexatella.</b> A very showy arrangement of maroon and white; a good seller. . . . .	.25
B	<b>Princess Victoria.</b> Bright canary yellow quilled ball. . . . .	.25
P	<b>Pride of Winterhaven.</b> A beautiful garden variety. A seedling of my own; coral pink with deeper tones of old rose also some tones of yellow, very large flowers. One of the best . . . . .	1.00
D	<b>Queen of North Mentor.</b> A valuable seedling. A pale canary yellow, very free flowering; good sized flowers with long waivey stems and a bushy plant. A good cut flower. . . . .	1.00
C	<b>R. H. Bronson.</b> A salmon pink with very large plume-like flowers. A good seller. . . . .	.50

Type	Name and Color	Each
B	<b>Red Huzzar.</b> One of those old ones that will not be thrown out. Its dazzling scarlet balls are very attractive . . . . .	.25
CHY	<b>Red Cross.</b> A giant hybrid cactus of the Geisha type. Its very large old gold and red flowers make up for its rather rank growth and poor keeping qualities . . . . .	1.00
C	<b>Sequoia.</b> A fine cactus variety; large flowers; rich gold and yellow suffusion . . . . .	.25
S	<b>Scarlet Century.</b> The best seller of the Century dahlias. Appears like a tuberous rooted begonia. Its bright scarlet flowers, standing up high above the tall plants. Splendid for massing in a large border . . . . .	.25
Pom.	<b>Snowclad.</b> A pure white neat pompon has many admirers. A good seller . . . . .	.25
Pom.	<b>Sunbeam.</b> Another valuable pompon; bright scarlet . . . . .	.25
S	<b>Surprise.</b> A single that looks like a Gailardia. Always covered with red and yellow ringed flowers . . . . .	.25
B	<b>Snowball.</b> One of those white varieties which has a pink tinge when the flowers get a little older. Very free and splendid for cutting . . . . .	.25
C	<b>Standard Bearer.</b> A good dazzling scarlet. True cactus . . . . .	.25
S	<b>Souvenir de Paris.</b> Unique long white curley petals . . . . .	.25

Type	Name and Color	Each
Coll.	<b>Souvenir de Chabanne.</b> A French variety; has yellow and red petals with white collarette . . . . .	.25
D	<b>Sylvia.</b> An old pink and white cut flower variety . . . . .	.25
	<b>Seedlings.</b> Under this head I am offering this year, a quantity of mixed seedlings, single and double, all colors. You can readily imagine how fine these would be for mass bedding. A perfect riot of color. One dozen for . . . . .	1.00
B	<b>Uncertainty.</b> A showy red and yellow variety . . . . .	.25
C	<b>Varigated Cactus.</b> Yellow and red striped. Showy . . . . .	.25
D	<b>Wm. Agnew.</b> An old scarlet garden variety which is liked by all who grow it. . . . .	.25
C	<b>Winsome.</b> A good white cactus, similar to Lawine . . . . .	.25
D.	<b>Zenia.</b> A seedling I named because it actually looks like a zenia. Very pretty and worthy of a place with some of the very best. It is bright scarlet with notched petals, different from any dahlia you have ever seen . . . . .	1.00

# Dahlias in Collections

I am offering the following collections for the benefit of those who are not familiar with the different kinds and prefer to have me select for them. I often have surplus of some very choice kinds which I use in this way and am able to give my customers a real bargain.

## **COLLECTION NO. 1**

Ten varieties, now two alike; different colors and different types. My own selection. Price \$1.00.

## **COLLECTION NO. 2**

Two cactus, different colors; two decorative; one variagated; one collarette; one single; two pompons; and one peony flowered; ten in all. Price \$1.50.

## **COLLECTION NO. 3**

One each of red, white, pink, and yellow cactus type; one each of red, white, pink, and yellow decorative type; one pompon; and one single; ten in all. Price \$2.00.

## **COLLECTION NO. 4**

Made up of ten of the newer kinds, all named and no two alike. Different types. Price \$3.00.

## **OFFER NO. 5**

I will send all four collections, all charges prepaid for \$6.00.

## **DAHLIA SEED.**

I am offering a good grade of Hybrid dahlia seed, all varieties mixed. A package will produce at least 25 plants. Price 25c per package.

Extra choice selected California grown seed. Per package, \$1.00.
